

# DANIEL

A

V. 17. Observe that the four Beasts are called four Kings. Some not taking Notice of *Daniel's Use of the Word, King*, have made great Mistakes. In the *Revelation* also, the Word, King, is evidently put for Kingdom, and for a Succession of Kings, or a Dynafty. See *Garret*.

B

The Bible is a book about God. Daniel is no exception; it too is a book about God. We emphasize this at the beginning because the focus of the camera, to use a film analogy, is often on the human characters: Daniel, the three friends, Nebuchadnezzar, Belshazzar, Darius, Cyrus. But we must not be misled; Daniel's main function is to reveal God to us, the readers.

Nabonidus  
Belshazzar (Dan. 5:1)

C

The book of Daniel is that part of Scripture which especially treats of the power of the world, during the time of its committal into the hands of the Gentiles, whilst the ancient people of God, the children of Israel, are under chastisement on account of their sin.
