

1. THE PEOPLE OF TODAY:

1. People of today are carried away with the value of knowledge.
2. More is being said about education than ever before
3. More students are attending college.
4. More advanced degrees are being given.
5. Yet with all of this knowledge there are at least two things that people generally seem to be completely ignorant of. They are:
 1. Knowledge of God's word.
 2. That which makes up sin.

2. WHY THIS IGNORANCE?

1. People do not study the Bible which is the text book from which we learn the definition of sin.
2. People have a light, frivolous attitude toward sin.
3. People enjoy sin, and the fleshly pleasures that are derived from sin.

3. WHAT IS SIN?

1. Sin is a transgression of God's law. 1 John 3:4
2. Sin is a refusal to do good. I did not refuse...but
James 4:17 you didn't do it.

4. WHAT SIN HAS TO OFFER

1. Sin has pleasure. Hebrews 11:24-26
2. Sin pays wages. Romans 6:23

5. THE RESULT OF SIN

1. Death is the result. Rom. 6:23
2. Sin brings eternal punishment. Rev. 21:8; Heb.12:14
3. Never again tormented by their ungodly conduct.
