

A PREPARED PEOPLE FOR THE LORD. Luke 1:17

HOW MANY SENSES?

1. The ordinary man has five senses: Touch, Taste, Hear, Smell, and Sight.

2. The extra-ordinary man some say has two additional senses: Horse sense... Common sense. *1. The God of America today in the crowd. 2. Its religion is conformity. Its Creed is "Make mine thine."*

DISEASES THAT HINDER. All kinds of trouble in the world:

1. There is "I" trouble.

1. We think "I", We talk "I," and all too often we live "I."

2. A mother said to Billy, "You ate that cake with-
a check showed that in 500 tele- out even thinking of your
phone conversations "I" was used sister."

500 times Billy said, "No, I was thinking of her all the I was eating it, I was afraid that she would come in."

3. It is time to do something about that selfishness and change it into self-denial.

2. Spectatoritis: Another disease of America.

1. Many members of the church simply SPECTATORS. We took our first step for the Lord thirty or forty years ago and we have not taken a step since.

WE MUST BE A PREPARED PEOPLE FOR THE LORD

1. Isolationism is not possible. We must be prepared to live in the world among the enemies of God.

2. We are preparing for everything, other than for the Lord.

1. The message of the church has been, "Go and Tell."

2. The frequency of war urges upon us the truth that it is "Go and Tell," or "Go and Kill."

THE COST OF NATIONAL PREPARATION

1. It cost two billion dollars to produce the first atom bomb

1. This would have sent 2000 missionaries into the field for 100 years with \$10,000 per month.

2. Preparation for moon shots. Astronauts ETC; all is a nothing compared to the great work of directing just one soul to heaven.

3. The most distant part of the earth is no more than 8 hours from the nearest airport. Let us be armed

with three Principles: Vision; Faith; Passion for lost souls
