

NOTES ON GENESIS 11:1-9

1. IN THE POMP OF BABEL MEN'S MOUTHS WERE FILLED WITH ALIEN TONGUES.

1. The arrogance that destroys society is well represented as being the destroyer of common speech.
2. Arrogance, pride, self-sufficiency, breaks down the means of communication between heart and heart.
3. When right communication is destroyed between heart and heart there is always created a mad muddle of discord in place of it.

*Temp one said,*

*1. That Adam took a big leap in the dark. But he knew two things:  
1. He knew of where his going.  
2. He knew what results were promised to his faith.*

2. IN THE MEEKNESS OF PENTECOST THE ALIEN TONGUES BECAME A COMMON LANGUAGE UNDERSTOOD BY ALL.

1. In that common language we have what the Lord intended the church should be.
2. We have a brother hood built upon, "one Lord, one faith, one baptism." ~~EPH 4:5,6~~ "One God and Father of all, who is above all, and through all, and in all." Eph 4:5,6

3. In contrast to what the Lord intended we "out babel Babel today."

*we may still be in Shinar: plating with one another, building cities and towers, and being drawn from depth to depth in Confusion.*
