

## THOUGHTS ON GIVING (Mark 14:1-9)

1. Mark 14:8; "She hath done what she could."
  1. The heart of this matter is in "could," and not in the WOULD.
  2. Many of talk about what we would do if we could.
  3. It should be: "What we could if we would."
2. No people talk more of duty than those who intend to violate it.
  1. They always talk about and make every effort to "cover up their "COULD" with their "WOULD."
  2. Especially when it concerns their giving of money. It will concern "the giving of themselves to the Lord too."
3. Churches in Rapid City at least seem to have a poor credit rating.
  1. If you would check that just talk with any one of the banks about borrowing money with which to build a church building.
  2. They seem more ready to loan money to a night club.
4. Why would it be difficult for the churches to borrow money?
  1. Those who profess to be members (many of them) may spend more in night clubs than they would think of giving to the Lord.
  2. THE KEY TO THE WHOLE MATTER:
    1. They have not first given 2Cor themselves to the Lord. 8:5
    2. Until people "first give themselves to the Lord" they are not going to do very much for the Lord.
