Boswell-Hardeman Discussion on Instrumental Music in Worship <sup>3</sup>		

---

<sup>3</sup> This volume records a debate between Ira M. Boswell, affirming that Scripture authorizes the use of mechanical instruments in the worship of God, and brother N. B. Hardeman, denying that proposition. The debate occurred May 31 – June 5, 1923. The version I have was published by the Gospel Advocate Company in 1957. N. B. Hardeman was a "preacher's preacher" and a prince among men. Some of his recorded sermons are available at [www.ThyWordIsTruth.com](http://www.ThyWordIsTruth.com).
